PART 6:

STANDING UP TO EVOLUTION'S FAKE NEWS

Reading: 1 Timothy 6:20 - 21 KJV

Introduction

- Evolution is the '*secular world view*' attempting to explain the origin of the universe and life.
- It is portrayed as a branch of science.
- It is '*fake news*' deluding millions of souls.

1 Deception Number One

- 13.7 billion years ago a cosmic explosion known as the '*big bang*' brought the universe into being.
- Term coined by Sir Fred Hoyle in 1949.
- In the beginning there was nothing and nothing made everything that now is. (Nonsense).
- Explosions do not bring order and beauty. Just chaos and destruction.

2 Deception Number Two

- Life began on earth over 4 billion years ago.
- Electrical disturbances caused reactions in chemicals in the seas sparking life.

- A '**universal common ancestor**' is responsible for all life. (Nonsense).
- Scientists spending £billions have never been able to create life from non living material.

3 Deception Number Three

- Over billions of years from a one celled organism by continual mutations all of life has evolved.
- They call one species evolving into another species, '**transmutation of species**.'
- Darwin: '**we cannot prove that a single species has been changed into another**.'

4 Deception Number Four

- Humans have descended from apes. (Nonsense).
- From apes to ape men and from ape men to humanity.
- Numerous fake claims. ('**Eoanthropus**' meaning '**dawn man**')
- Why have they not found the '**missing link**'?
- There is none to find.

Finally

- Evolution is not true science.
- The word '**science**' comes from the Latin word '**scio**' meaning '**to know**.'
- It is just an unproven belief system that's illogical in order to do away with a need for belief in God.
